### Decision of Race Commission Concerning Stage 3 for Men Pro 1-2

With leaders at one-half lap to go, finishing straight was blocked by a crash. It was impossible to re-start the race for security reasons.

Race Commission decided to award pack time to all who were in the pack at one lap to go. Race Commission further decided that time bonuses would not be awarded for Stage 3, and that the Stage 3 results would not be used in Team General Classification. In similar spirit, it was decided that prizes for finish of Stage 3 will be rolled into prize monies for Individual General Classification.
